Wow, I thought I was the early bird. Not sure about the FedEx system here. . . I will have to check. I will get back to you. Unfortunately, most of the DPH staff does not get in until 8:00 am.

Hi John,

It is nice to hear from you again. Yesterday, I received your fax regarding Lab # [REDACTED] I am the primary chemist for this case and I will testify if I am needed. The only day that would be difficult for me is 02-02-09 because I have a doctor's appointment in the afternoon. If I am needed on that day I can be there in the morning, but I must leave by noon.

I am currently gathering all the documents that are related to this case. Unfortunately, there is a lot of paperwork associated with the case and it would be difficult to fax it over. If you could email me your address, I will send everything via mail.

I will let you know when I put the documents in the mail. Chuck has to review the document before I mail it. If there is anything you need immediately, let me know and I will fax it to you.

Thanks,

Annie Dookhan
